## BREAKING NEWS! - The TRUTH about Viruses & Vaccinations.

### • THE BIG 'SWINE-FLU' HOAX

Over the years, we have endured continuous **pandemic scares** such as **Avian Flu, Tami Flu, Bird Flu, Noro Virus** and now the notorious **Swine Flu**. None of which have materialized and at best, have only affected a few. For those cases where deaths had occurred, it is hard to distinguish whether the cause was the actual disease or vaccinations. Every winter over 25,000 people die from the flu which is virtually ignored by the media. Last year (2008), scientists reported that *'the annual flu-jab was ineffective and a waste of NHS funding'*, even though several perfectly healthy cases became chronically ill after having the jab, yet it is still being pushed onto the elderly. I was further shocked by a recent feature which revealed the vast amount of poisonous substances in vaccines and the extensive damage they actually cause to our health. I was also appalled to learn that these vaccines not only damage our brain and cause chronic illnesses such as cancer, autism, diabetes, meningitis, allergies but also damages both our DNA and immune system, which is then passed on throughout generations. The problem is much greater than even 'I' could have imagined, but sadly this information is also being deliberately hidden from the general public. Many doctors & scientists are questioning the poisonous-effects of vaccines;- fear tactics being employed to panic us into quickly vaccinating ourselves and family (i.e. Swine Flu & MMR); plus the *'profits versus health'* issue surrounding the pharmaceutical industry. Even animals are suffering this awful fate. Those of you who are members of **Canine Health Concern** would have read the fantastic interview (April'09 newsletter) by Holistic Vet - Dr. Patricia Jordan, who confirmed how Vets are purposely vaccinating animals to keep them sick for profit. Vaccines contain 'live germs' & chemicals such as diphtheria, formaldehyde, hydrochloric acid, mercury, aluminium, 'live' measles & mumps virus (from chicken embryo cells); 'live' rubella virus (grown from fetus); monkey cell tissue, calf serum and lots more. All these poisonous substances, plus animal DNA are injected directly into the blood stream - in the name of improving and protecting our health. Unfortunately, the truth is... we have become '**experimental guinea-pigs**' for the pharmaceutical industries, simply to maximize their profits. For decades, the Caribbean and other 3<sup>rd</sup>.world countries have been used in the same way as frontline scientific guinea-pigs. Coming from the Caribbean, I've witnessed and experienced vaccination abuse (especially in children), plus the medical lies told to parents who were never compensated for damage caused. Now scientists are pressing for the **compulsory vaccinations** of all school children in the UK (and overseas)...effectively taking away parents '**human rights to choose**' what they believe is best for their children. To make matters worse, parents are put on a guilt-trip as being 'irresponsible and abusive' for not protecting their children – without realizing that by vaccinating, they are actually playing Russian roulette with their lives.

**LATEST REPORT ON 12<sup>TH</sup>. JULY 2009:** The NHS is preparing to vaccinate the entire population (20 million this year and the remainder next year), with their new 'swine flu vaccine'. This vaccine has not yet been **tried, tested or approved for safety**, yet approval is now being fast-tracked. Furthermore, this month **the Government gave the Pharmaceutical industry absolute immunity from prosecution against any damage caused by the vaccine...and also gave permission for people to self-diagnose for 'swine-flu'**.

Unfortunately, the ugly truth behind most of today's science is that many Scientists are paid huge amounts by Pharmaceutical companies to 'create a drug', then find a disease to test it on. The media is then used to 'create public panic & fear', so that everyone volunteers themselves to be tested. Therefore, **swine flu 'could be' a deliberate hoax to encourage you to vaccinate yourself and children.** So before you offer yourself up as a 'sacrificial lamb', PLEASE, PLEASE, PLEASE question ... *'if they cannot distinguish between this and the 'common-flu' (which they have yet to find an effective vaccine); how can they be so sure that this new vaccine will work, or know its side-effects? This knowledge will only come about if they use the entire nation to conduct a mass experiment; and if anyone dies, it will be reported as 'death by swine-flu' and not from 'vaccine poisoning'. This way, they can avoid 'legal prosecution' and paying out billions in damages'. The biggest surprise of all is that the World Health Organization (WHO) is directly involved in the global criminal act. I am not telling you what to do, but simply providing important information to enable you to make an 'informed choice'. As a health-provider, I have a duty to let you know the TRUTH.* However, do not just take my word, please review the evidence **'Vaccination - The Hidden Truth' plus other experts** on our website [www.grammasintl.com](http://www.grammasintl.com). For those who are still worried about catching Swine Flu, 'COLLOIDAL SILVER' is the most effective 'natural antibiotic' for any disease... and is (*not-surprisingly*) one of the products also targeted to be removed from the open market. **All in the name of 'Consumer Protection'.**
